## BRCGS Food Safety Americas Conference

### From the BRCGS Website:

In 2020, Food Safety Americas will be bigger and better than ever.

Taking place over three days, the 2020 conference will bring together our flagship food safety conference, Delivery Partners Americas stream and, for the first time, we'll bring our Leaders of Tomorrow element to the Americas.

The 2020 conference will bring together brand owners, manufacturing sites, our delivery partners, the BRCGS Professional community, and the future leaders in the industry, all under one roof.

We will continue to offer valuable insights and exclusive updates designed to improve food safety management in retail, food service and manufacturing environments.

The new session on **Leaders of Tomorrow** has been included to inspire the new generation in our industry. It is designed to encourage our future leaders to realise their full potential, and support their professional development
